Additional Requirements for those enrolling in Field Practicum (PSY-260):

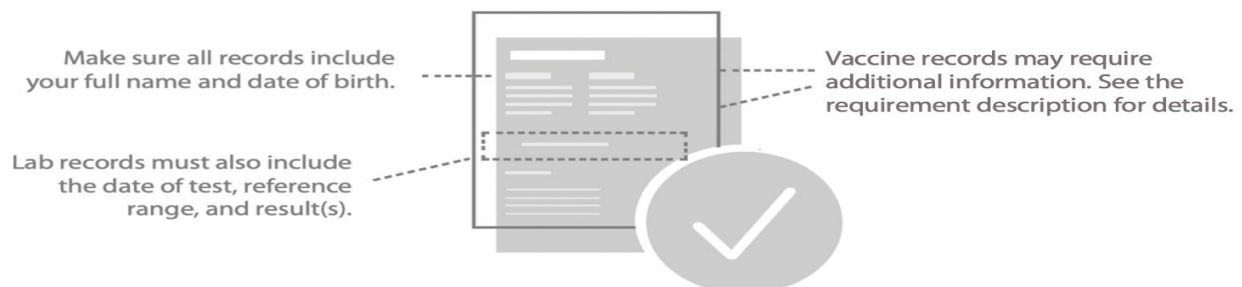

Due prior to registration:

- CORI Acknowledgement Form** – Bring valid identification to office or have form notarized and submit online. Form and instructions: tinyurl.com/stcc-cori. A new form is required annually in order to register for classes.

Due prior to: July 1st for Fall practicum and December 1st for Spring

- Technical Standards Acknowledgement Form** - Complete the form at tinyurl.com/y5c5cupv
- Multiple Policies Acknowledgement Form** - Complete the form at tinyurl.com/y5xc4yu4
- Influenza - Due by Oct. 1st for fall practicum and Dec. 1st for spring:** one vaccine dose for the current flu season. Required documentation: Name, date of birth, date administered, manufacturer, LOT number and clinical site where administered or clinician name. Plan to provide this documentation to the field practicum site upon their request.

For more information, contact the Health & Wellness Center stcc.edu/healthservices.

Students are encouraged to verify their immunity records when applying to the program. By doing so, upon acceptance, the student will be able to submit the required documentation. Record submission deadlines are set by the Behavioral Sciences Program and must be submitted on time.
