# LOGGING ON

SINGLE SIGN-ON

STCC uses Single Sign-on. Passwords are synched so you have fewer passwords to remember. Your STCC Account is your primary username and password to remember. This username and password is used for Blackboard, Zoom, Email, accessing computers, and STCCNet. When logging onto a computer you will be directed to the ADFS login screen.

Once you log into ADFS, you should not need the other passwords for the duration of your session.

BLACKBOARD

STCC's Blackboard has two methods to log in, the 'STCC Account Login' and 'Other User Login'. The recommended method is the 'STCC Account Login', this method uses your STCC Account username and password. The 'Other User Login' is for special cases like legacy faculty, users with recent name changes that required a username change, and external to STCC users. Please continue reading this document for further explanation.

Getting to the Blackboard Login Page

To get to the Blackboard login page, visit stcc.edu/blackboard-login or click the Blackboard link under "eTools" in the Top Navigation of this website, www.stcc.edu.
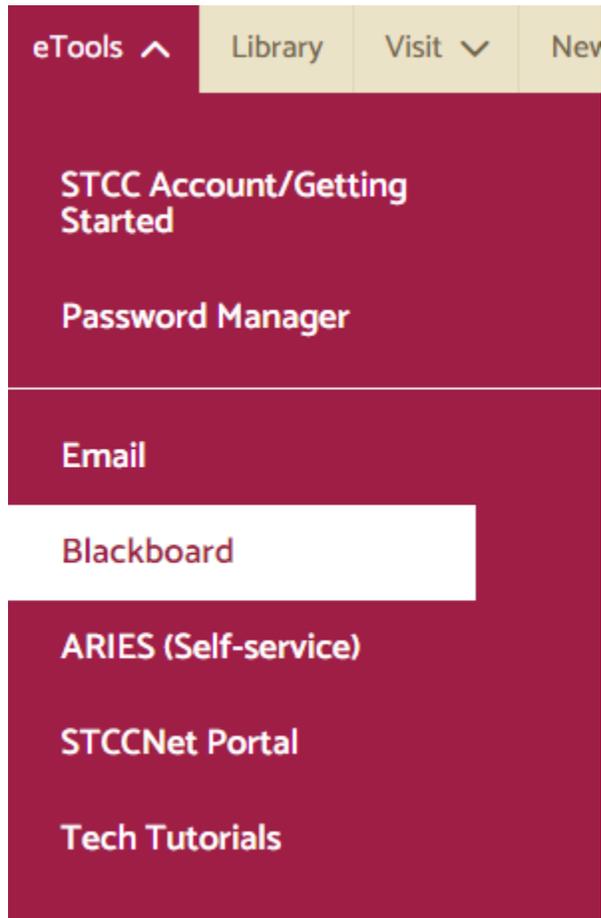

STCC Account Login Method

The STCC Account login method is the primary way to login into Blackboard. This login method uses your STCC Account credentials (same as ARIES, STCCNet, STCC Gmail, etc.).
