

Community Health Fair Scheduled at STCC

The greater Springfield community is invited to the annual community health fair at Springfield Technical Community College. The event will be held on Tuesday, April 14, from 9:00 to 2:00, in the Scibelli Hall gymnasium at STCC.

This fair is presented each year by the senior class in STCC's RN Nursing program. The 88 senior students in the program will present 15 booths of information, some with activities, giveaways, speakers, and demonstrations.

Topics covered will include adolescent health, asthma, body enhancement, cardiovascular health, child safety, diabetes, eating disorders, interpersonal violence, maternal health, men's health, sexual health, smoking cessation, stress reduction, substance abuse, and women's health.

There will be free blood pressure and other screenings, and opportunities to win raffle prizes, with drawings throughout the day.
