

## Information on Nursing Program Offered at STCC

“Due to the high volume of applications to our RN Nursing program, and the demand for information on gaining admission to that program, we have scheduled information sessions throughout the year,” says Louisa Davis-Freeman, Dean of Admissions at Springfield Technical Community College. This highly competitive program attracts hundreds of applications. Davis-Freeman noted that Admissions staff are not able to meet individually with applicants for Nursing, and anyone interested in Nursing is strongly encouraged to attend one of the sessions.

She added, “These sessions are for everybody: first-time college students, transfer students, as well as current STCC students in other majors who wish to change their major to Nursing.”

Sessions are scheduled for June 11, July 9, August 13, September 10, October 8, November 12, and December 10. All the information sessions will be held at 12:15 p.m. in Building 20 at STCC, in room 308. Davis-Freeman said, “There is no need to sign up for the information sessions – just show up.”
