COVID-19 Campus Repopulating Work Group
Minutes

October 16, 2020

Present: Darcey Kemp, Deb Avery, David Buonora, Patrick Dawes, Quiana Campbell, Barbara Washburn, Keith Paul, Cliff Porter, Chief Rivera, Theresa Przybylowicz, Mary Kaselouskas, Jenkin Gould, Michael Cassesse, Lisa Fugiel, Chief Rivera, Matt Gravel and Jonathan Miller

Discussion Points

Darcey suggested the process for failed screenings at check-in be changed to the following -

- Faculty/staff who are not permitted on campus should contact their Dean or supervisor.
- Students denied access should contact Health Services.

Presently, all are going to Health Services. Theresa P was concerned about faculty confidentiality if the process is changed. Darcey noted that this is not for a positive COVID test, only a failed screening at check-in. Michael Cassesse noted that per union rules, all AFSCME issues will have to go to HR and any changes to the process must go through collective bargaining. The union will have an offline discussion with HR to determine best course of action going forward.

A landing page where individuals will be sent for additional information will be created.

Sub-group is meeting next week to put together written directions for Deans, etc.

Jonathan and Jenkin met with ELMS College recently. They are having the same issues we are currently having.

If someone is under quarantine the Healthy Roster text message should be shut off.

Technology Training Committee – an inventory of all programs will be created and collated into one document.
