

COVID-19 Campus Repopulating Work Group
Minutes
December 18, 2020

Present: KC Senie, Patrick Dawes, Cliff Porter, Keith Paul, Theresa Przybylowicz, Jenkin Gould, Chris Scott, Matt Gravel, Jonathan Miller, Lisa Fugiel, Deb Avery, Mary Kaselouskas, Chief Rivera, Chet DeGray, Quiana Campbell, Doug Slavas, Darlene O'Brien and Kerri Kane

Discussion Points

- Week of 12/21 testing – Wednesday only. Week of 12/28 no testing will be done. Week of 1/10 and 1/17 – B17 will be open for check-in. Week of 1/23 all check-in sites will be open.
- Where will the Testing Center customers check in? Jenkin will speak with KC and David B to determine which check-in site will work best.
- A discussion regarding possibly making testing for students mandatory ensued. A number of points were discussed such as -
 - Are we able to handle testing for that many individuals (logistically)
 - Do we have financial resources to test all students?
 - What if they refuse?
 - Who will be responsible for follow up for positive cases?
 - Can this be put in place prior to start of spring semester?

After much deliberation, it was decided that STCC should strongly suggest testing be done. Anyone traveling must be tested.

- What is our responsibility as an employee if we see students not wearing masks, not social distancing, etc.? Right now there are no repercussions. Deb Avery has started to take a photo if she sees something wrong and will keep track of these events. What happened to the hall monitors that were supposed to help out?
- KC will start a reflection piece on how this semester went. Everyone can pitch in.
- Lisa Fugiel mentioned that this group has been phenomenal and has worked hard to keep the campus safe. Thrilled we made it through the semester without having to close.
