COVID-19 Campus Repopulating Work Group
Minutes
January 8, 2021

Present: Darcey Kemp, Patrick Dawes, Keith Paul, Theresa Przybylowicz, Jenkin Gould, Chris Scott, Jonathan Miller, Deb Avery, Mary Kaselouskas, Chief Rivera, Chet DeGray, Barbara Washburn, Andrea Nathanson and Kerri Kane

Discussion Points

- Pearl Street pedestrian entrance will need staffing to open for the hours proposed. Chief suggested possibly bringing back gate attendants. Chief will discuss further with KC/HR. Possible CARES Act funding to cover the cost of the three people needed to cover the gate. Can these individuals be put into the general STCC Squad pool of employees? (Chief doesn’t think this would be a good idea). What would they be doing at the gate? (Making sure anyone coming through the gate is a STCC student). Additional signage will be needed.

- Jonathan Miller informed the group that STCC may become a vaccination site. Waiting for approval from Administration. Nursing students will be able to assist with the distribution of the vaccines.

- Deb Avery noted that the partitions for the Fitness Center have arrived and will be installed today. Will discuss at next Friday’s meeting reopening date for the Fitness Center.

- Jenkin noticed an EMT class on Saturday on the second semester schedule. Will STCC Squad be needed to check these individuals in? Per Chris Scott – Jessie will do so. No need for STCC Squad.

- Chief Rivera informed the group that his officers and dispatchers will receive the COVID vaccine next week. Should we start to track all employees who have received the vaccine?
