### Discussion Points

- Check-in update – Some staffing concerns and Healthy Roster issues. No check-in report was emailed to Carolyn on 3/12/21. Per Doug Slavas this was due to the app server being down until after 8:00 a.m.
- Deb Avery noted that there are some individuals listed on the B16 check-in list who are not checking in at B16. Are they going to B17 possibly? Not likely per Jenkin.
- Added to check-in station – text to # instructions which will get the Healthy Roster sent to their phone. Will forward to Deb Avery for B16 check-in.
- KC Senie suggested that an IT logistics group be started to discuss all these issues. Per Doug this has already begun. Mary K, Doug and Jonathan Miller.
- Events – Deb Avery said her office is getting requests for events. Will need to make a decision soon if events are to be held on campus. Barbara Washburn was under the impression a decision by this group had already been made and no events would be held on campus this summer. Chris Scott noted that Dr. Cook is encouraging in person pinning ceremonies. Chris will set up meeting to review with Deb Avery.
- Multicultural Luncheon – Andrea Tarpey proposed a drive through luncheon. Chief Rivera/Deb Avery have no problem with this proposal. Approved by committee.
- Regalia pickup – will be on campus 5/27 and 5/28.
- What can be done this summer to prepare for fall openings?
  - Reopen fitness center - Deb Avery
  - Bring exams back on campus - Darlene O'Brien
- What went well and what could have been done differently/better?
  - Able to run a clinic for public – Darlene O'Brien
  - Keeping labs open – Lisa Fugiel
  - Clinicals kept running – Theresa P.
  - More presence in the hallways would be nice – Darlene O'Brien
