COVID-19 Campus Repopulating Work Group  
Minutes  
May 28, 2021

Present: Theresa Przybylowicz, David Buonora, Douglas Slavas, Keith Paul, Patrick Dawes, Chief Rivera, KC Senie, Mary Kaselouskas, Barbara Washburn, Andrea Nathanson, Darlene O’Brien, Chet DeGray, Erica Eynouf, Dr. de Berly, and Doug Slavas

Discussion Points

- KC informed the group that the recent walkabout with the Cabinet and others was very informative. A walkabout with the Repopulation Group will be scheduled in the near future.
- Mask mandate will still be enforced while on campus.
- Repopulation Committee will need to determine dates for when the following will be discontinued – mask mandate, check-in sites, attestation forms.
- COVID testing site will need to be moved. A possible new location is between B15 and B16.
- Student/Staff Lounges – Dr. de Berly will determine which lounge(s) will be open for the summer. KC and Erica will meet offline to discuss how Library lounge areas will be handled.
- Please forward any updates to KC Senie for inclusion in the campus-wide email to be sent weekly to staff.
- A marketing campaign will be rolled out to push vaccines.
- Q-up – software program that allows for virtual waiting queues. Could be used in Financial Aid, etc. Would eliminate long lines.
- Forward any suggestions on how to assist employees making the transition back to campus to KC Senie.
- NPS/Armory will begin walking tours. Will they have to register each guest?
- Food on campus this summer – Andrea and KC will discuss targeted strategy.
