For more information, contact the Health & Wellness Center at stcc.edu/healthservices.

Understanding your titer (antibody serology) results

- Positive/Reactive means you have immunity.
- Negative/Non-Reactive/Indeterminate/Equivocal means you are not immune.
 1. Submit lab report and all immunization records to the Health and Wellness Center.
 2. Health and Wellness Center staff will advise you of next steps.

Students are encouraged to verify their immunity records when applying to the program. By doing so, upon acceptance, the student will be able to submit the required documentation. Record submission deadlines are set by the Early Childhood Education Program and must be submitted on time. Students may be excluded from fieldwork practicum until requirements are met.
