Parking Rules and Regulations

January 07, 2020

BACKGROUND:

Past parking survey data has shown that the number one parking issue on campus is overcrowding. This policy is intended to address this issue and is a means to meet certain contractual obligations to the College’s faculty and staff. As such, the entire main campus is considered reserved parking for the faculty, staff, employees, and authorized visitors and guests. Springfield Technical Community College is committed to the implementation and enforcement of the parking rules and regulations outlined below.

OVERVIEW:

The rules and regulations set forth in this policy have been developed to control traffic movement and parking for all persons utilizing the parking lots, roads and ways at Springfield Technical Community College.

While it is the duty of the Springfield Technical Community College (STCC) Police Department to enforce the motor vehicle regulations, it is the responsibility of the entire campus community to abide by them. Each person bringing a motor vehicle onto campus property is expected and required to be familiar with, and abide by, the regulations outlined in this policy. Motor Vehicle Regulations will be strictly enforced to keep the campus safe, insure smooth operations such as deliveries and snow removal, and to maximize campus parking resources.

All Springfield Technical Community College day, evening and summer students must obtain a virtual parking pass. Faculty and Staff must obtain a parking decal, but have the option of affixing the decal to their windshield or utilizing a plastic hangtag. Visitors to campus must park in designated visitor spaces or obtain a temporary parking pass through the STCC Parking Clerk. Authorized contractors, vendors, MPTC Academy attendees, etc. will be issued placards by the sponsoring department. All visitors are expected to abide by STCC’s Motor Vehicle Regulations. Overnight parking is not permitted without prior
authorization from the STCC Police Department.

Anyone operating a motor vehicle on property owned, operated or controlled by Springfield Technical Community College is subject to these regulations unless otherwise exempt by State and Federal laws, and except as otherwise provided herein. The General Laws of the Commonwealth of Massachusetts and the Rules and Regulations of the Registrar of Motor Vehicles shall apply to the College campus and other lands of the College. It is the responsibility of all persons utilizing the College parking facilities to be aware of these regulations and obey such regulations.

All motor vehicles coming onto and/or parked on College property must be in working order and have a valid registration from the appropriate state. Vehicles determined to be abandoned shall be towed from College property at the owner’s expense.

A person involved in a motor vehicle accident on campus or having damage to, or theft from, their vehicle while parked on campus should report the incident immediately to the STCC Police Department.

- Authority

The College has adopted these regulations and has authorized the Chief of Police and their designees to serve as parking control officers. The Chief of Police has designated every STCC Police Officer for this purpose to expedite traffic and safeguard pedestrians. In the event of a fire, other emergency or special events, officers of the municipal or state police, or fire department may direct or control traffic as conditions may require notwithstanding the provisions of these rules and regulations.

Springfield Technical Community College assumes no risk or liability for damage or loss for vehicles or vehicle contents when parked on Springfield Technical Community College property.

**PRIVILEGE TO OPERATE OR PARK A MOTOR VEHICLE ON CAMPUS:**

Permission to operate a motor vehicle on the grounds owned, operated or controlled by Springfield Technical Community College is a discretionary
privilege granted by the College.

Such privilege may be denied, revoked, suspended or modified by the action of the President or by Officers of the College authorized to take such action.

All College employees and students must comply with the rules and regulations regarding parking as part of employment, appointment or enrollment. The regulations also apply to visitors and are considered part of the terms and permission to be on campus.

- Authority to Post Signs

The Chief of Police, or their designee, is authorized to place and monitor all official traffic and parking signs, signals, and safety zones required on the campus and other lands of the College, including the placement of temporary signs and markings as may be specifically required by emergencies or other special circumstances. Operators of vehicles used in and about the campus and other lands of the College shall conform to such signs, signals, markings and safety zones.

- Interference with Signs

Any person who willfully, intentionally and without right defaces or otherwise tampers with, removes, interferes with or destroys any traffic or parking regulating sign, light, signal or marking device lawfully erected or placed on the campus, or other lands of the College, shall be subject to prosecution under the applicable criminal statute of the Commonwealth.

- Temporary Parking Regulation Changes

The Chief of Police, in conference with the Parking Clerk, may at times during the year suspend, change or revise the normal operating parking regulations to meet the needs of the College community and its operating functions i.e., Concerts, VIP visits, Commencement, Admissions Open House, etc. During such events, the College community will be notified of any parking changes and alternative-parking measures will be implemented for those parties who may be displaced
from their designated parking areas.

**PARKING PERMIT:**

All STCC students must apply for a virtual parking permit to park in any designated student lot prior to the beginning of each semester. There is no “grace” parking period. Student’s virtual permits expire on the last day of each semester.

Faculty and Staff must register all motor vehicles which they bring to campus. Faculty and staff decals are not transferable. Faculty, Staff decals all expire on the date indicated on the decal.

“STCC student” can be any full or part time, day or evening, student who is taking or auditing a class.

Faculty and staff using more than one motor vehicle are encouraged to utilize the plastic hangtags to accommodate multiple cars.

- **Obtaining a Virtual Parking Permit**

This form is available electronically for students by clicking the appropriate link on the STCC Police/Parking and Transportation website. Students will be asked to provide their current STCC student ID. At this time, there are no additional charges for virtual parking permits.

- **Obtaining a Temporary Parking Pass (students, faculty and staff)**

  Students, Faculty and Staff having possession of a motor vehicle for a period of less than two (2) weeks may obtain a temporary parking permit from the STCC Parking Clerk. The party requesting the permit must present a valid Springfield Technical Community College ID. Temporary parking permits must be displayed on the driver’s side dash board and be visible from the outside of the vehicle. Incomplete or altered permits shall be invalid. Temporary parking permits are intended for the use of the STCC community member to whom the permit is
issued and may not be used by guests.

- **Special Parking Needs**

Persons with mobility impairments may apply for special parking permission by submitting a completed Special Parking Application to the Special Medical Parking Committee. In addition, applicants are required to provide documentation from an attending physician regarding the impairment and the length of time the permit is needed. Applications can be obtained from the Parking Clerk, at the STCC Police Department, or online. Special parking privileges are granted by the Special Medical Parking Committee on a case by case basis. Employees who do not comply with parking directives shall receive a vehicle violation fine. Faculty and Staff may register more than one car.

*The College does not guarantee available parking for all registered vehicles. During peak usage it may be necessary to park a distance from your office.*

All parking rules and regulations and pertinent Massachusetts General Laws are applicable to Faculty and Staff vehicles. When a Faculty or Staff person sells or otherwise loses possession of a vehicle, the STCC Parking Clerk must be notified. If possible, the decal should be returned to the Parking Clerk.

Parking citations will be issued to Faculty and Staff vehicles found in violation of Springfield Technical Community College parking regulations and policy. The Chief of Police will notify habitual violators (more than three citations per year) in writing and the appropriate VP, Department Head/Dean, or Human Resources will be advised.
