

# VIRTUAL CITIZEN SCIENCE RESEARCHER PROGRAM Spring 2021

JOIN US TO STUDY THE NATURAL WORLD OF SPRINGFIELD

STCC's STEM Starter Academy is partnering with Regreen Springfield, a community based non-profit organization, the City of Springfield, and the US Forest Service to launch this program of environmental awareness and stewardship in Springfield.

**This 10-week training program commences on Feb. 10, 2021 and meets every Wednesday from 2:15 -4:00 PM online, via Zoom.**

The program aims to engage STCC students in STEM majors in Environmental conservation challenges in our neighborhoods. Students will learn how to conduct scientific research under the direction of scientific teams from the US Forest Service and the Univ. of Massachusetts. Students will present their findings in a research poster competition and receive a stipend upon successful completion!

**Requirements:** Currently a full-time student in a STEM major at STCC with GPA 3 or above. Deadline to apply 2.5.2021. To apply: [https://stcc.az1.qualtrics.com/jfe/form/SV\\_8pIV2hLsDhNMoe1](https://stcc.az1.qualtrics.com/jfe/form/SV_8pIV2hLsDhNMoe1)
