ABOUT ME

I enjoy exploring the outdoors, especially through hiking, which gives me a mix of relaxation and adventure. I also have a strong interest in 3D design and love turning creative ideas into visual projects. A fun fact about me is that I once biked 30 miles while listening to the same song on repeat for over two hours. It kept me motivated the whole way.

WHY DID YOU JOIN STUDENT GOVERNMENT?

I was inspired to join student government because I want to help create a campus where students feel excited to get involved and proud to be part of the community. This role allows me to connect with my peers, encourage participation, and build meaningful relationships. I especially enjoy meeting new people and working together to make student life more welcoming and active.
