

# **TRANSFER ARTICULATION AGREEMENT**

---

**Springfield Technical Community College**

**and**

**Bay Path University**

**Associate in Art in Liberal Arts Transfer**

**(Human Services/Social Work Option)**

**to**

**Bachelor of Arts in Psychology**

**July 2019**

## **Statement of Purpose**

Bay Path University (BPU) and Springfield Technical Community College (STCC) recognize that, for many students, the path to a bachelor's degree may begin at a community college. Moreover, for STCC's female students, diverse educational opportunities, including the advantages of enrolling in a women's university to earn a bachelor's degree, adds great value to educational experiences. This agreement acknowledges that significance and is formed to enable the smooth transfer of Springfield Technical Community College graduates to either the traditional undergraduate program or American Women's College of Bay Path University.

Further, the purpose of this agreement is to provide a smooth transition between the two academic programs by:

- Identifying all required and equivalent courses for the relevant programs at each institution, and
- Facilitating credit transfer and guarantee of admission for students who meet the agreed upon criteria.

## **Participants**

This agreement has been entered into by Springfield Technical Community College, Springfield, MA, and Bay Path University for programs offered through the traditional undergraduate program and The American Women's College, which offers degrees of study both online and at its campuses located in Longmeadow and in Sturbridge, MA.

## **Programs/Courses Included in This Agreement**

- A) The Associate in Art in Liberal Arts Transfer (Human Services/Social Work Option) will be accepted toward a Bachelor of Arts in Psychology with any of the following concentrations: Child Psychology (TAWC/TRAD), Counseling Foundations (TAWC), Forensic Psychology (TAWC/TRAD), Foundations in Drug and Alcohol Counseling (TAWC/TRAD), General Psychology (TAWC/TRAD), Human Services and Rehabilitation (TAWC), Neuropsychology (TRAD).
- B) This acceptance will be offered to STCC students who enroll at Bay Path University in either the traditional undergraduate program or at The American Women's College.
- C) Coursework and credits from STCC's Associate in Art in Liberal Arts Transfer (Human Services/Social Work Option) will be accepted and applied towards required coursework and electives for several of the Bachelor of Arts in Psychology degree programs at BPU, as outlined on the advising guides included in Appendix A.

## **Terms and Conditions of Transfer**

- A) Students who graduate from the Associate in Art in Liberal Arts Transfer (Human Services/Social Work Option) degree with a cumulative grade point average (GPA) of 2.0 or higher will be guaranteed admission into the Bachelor of Arts in Psychology under the

terms of this agreement.

- B) Students applying to the traditional undergraduate program must complete the transfer application. Students applying to The American Women's College (TAWC) must complete the TAWC application. For students applying to the traditional undergraduate program, the application fee will be waived. There is no application fee for The American Women's College.
- C) Students must submit an official transcript(s) from STCC, along with all other previously attended institutions, to their admissions counselor at Bay Path University.
- D) All coursework from the sending program must be completed with grades of "C-" or better in order to be eligible for transfer.
- E) STCC students who have taken courses beyond the requirements of their Associate in Art in Liberal Arts Transfer (Human Services/Social Work Option) degree may request an evaluation of additional earned credits for eligibility and acceptance into the Bachelor of Arts in Psychology degree program. However, all students must complete 30 credits at Bay Path University to satisfy residency requirements.

### **Communications and Advising**

Communication and advising is central to effective transfer/articulation. Recognizing this:

- A) The college and university agree to include information about this articulation agreement in relevant publications for the purposes of promotion and advising.
- B) The college and university agree to jointly develop appropriate transfer guides and make these available to students and advisors as appropriate.
- C) As this agreement was developed during the 2019-20 BPU academic year, there is a possibility of curricular changes. BPU and STCC agree to notify each other promptly, in writing, of these changes in curricula that might affect the Agreement.
- D) For students applying to the traditional undergraduate program, advanced registration will take place in the spring or summer for the fall semester along with BPU students. For students applying to TAWC, students can register during any of the six entry points throughout the academic year.
- E) Springfield Technical Community College agrees to properly advertise and provide information regarding Bay Path University, its academic programs and requirements, and services extended to transfer graduates under the terms of this agreement.
- F) Springfield Technical Community College agrees to provide the BPU Dean of Enrollment Management with the names and addresses of students enrolled at STCC who have indicated an interest in attending BPU's traditional campus, and Senior Director of Enrollment at TAWC for STCC students interested in pursuing an online or hybrid degree option.
- G) In accordance with BPU policy, students participating in this agreement may be able to apply up to two graduate courses from BPU toward their Bachelor of Arts in Psychology degree. In most cases, students must apply and be accepted into a graduate program to be eligible to do so. Students should consult with their advisor if they have further questions or concerns. For a comprehensive listing of all graduate programs at Bay Path

University, please visit <https://www.baypath.edu/academics/graduate-programs/>.

### **Implementation and Length of Agreement**

- A) Bay Path University and Springfield Technical Community College agree that this Agreement becomes effective on June 21, 2019 and is applicable to eligible students in the next semester of enrollment.
- B) This agreement will remain in effect for three years from the date above unless terminated or amended by a signing representative below, from either institution, with prior written notice.
- C) This agreement does not preclude either college from entering into similar agreements with other institutions of higher education.
- D) This agreement may be amended by addendum as necessary. This means that as requirements and courses change over time this agreement may stay in force as long as the program managers, their academic supervisors, and the transfer counselors agree in writing to the change.

## Signatures of Institutional Leaders and Representatives

The relevant program coordinator and/or academic department chair of each institution will be responsible for implementing this agreement, for identifying and incorporating any changes into subsequent agreements, and for conducting a periodic review of this agreement.
